

NORTH CAROLINA BOARD FOR LICENSING OF SOIL SCIENTISTS

Reference Form

Name and address to be completed by applicant and given to individuals who are references.

Applicant's Name (Last, First, Middle): _____

Address: _____

I obtained part or all of my qualifying experience under this person's direction.

This person is a character reference only.

To the Reference:

You have been named as a reference by the applicant listed above. The Board for Licensing of Soil Scientists requests that you provide frank answers to the following questions with regard to the character of the applicant in order that the Board might better assess the applicant's qualifications as a future Licensed Soil Scientist in North Carolina. Information provided by references is confidential and strictly for the use of the Board.

Please return the completed form *promptly* in a sealed envelope to the following address:

North Carolina Board for Licensing of Soil Scientists
PO Box 1038
Wake Forest, NC 27588

1. Please describe in detail your relationship to the applicant (Character and work experience references from parents, siblings, and spouses are prohibited).

2. Number of years you have known the applicant. _____

3. Number of years and dates of qualifying experience the applicant has gained under your direction (only partial years credit should be given for part time work and/or when only part of the work for a full-time position involved soil science related work).

Years _____ Beginning Date _____ Ending Date _____

4. Are you aware of anything that may make the applicant ineligible for licensing?
_____ If yes, please explain on another sheet of paper.

5. How long have you known the applicant to have been engaged in soil science work? _____

6. In your professional opinion, has this applicant demonstrated competence and knowledge in the soil science profession? (For in-training status, does this applicant demonstrate qualities expected of a future professional?) _____

Please explain.

7. Briefly summarize your opinion of the applicant's character.

8. Would you entrust the applicant with the responsibility for an important soils project involving the welfare and safety of the public? _____

9. Would you recommend licensing of the applicant once all experience and examination requirements have been satisfactorily completed? _____

10. Other information regarding the applicant (e.g. the type of work they conducted under your supervision or as your consultant/independent contractor)

11. Please describe your background if other than a soil scientist.

Reference's Signature _____ Date: _____

Name (print) _____

Address: _____

Professional Affiliation:

Are you a licensed Soil Scientist in North Carolina? _____

If licensed in North Carolina, provide affirmation with license number and seal.
